A SCENE FROM THE SCRIPT "RÅNET" (THE ROBBERY)

INT. THE BANK - DAY

The robber holds a tight grip around the neck of the overpowered guard. The hand slowly looses the grip around the neck -

- The robber puts his hand on his stomach. He falls to the floor. The HOSTAGE PANICS, SCREAMS, someone pulls away, someone crouches, someone hides.

Chocked by the shooting the robber takes off his mask: it's FREDRIK!

The other two masked robbers runs out from the offices in the back. One of the hostages, a WOMAN, hurries to help Fredrik.

FREDRIK

You said you wouldn't load them...

Robber 2 pulls off his mask - it's Larsson! His eyes filled with hatred -

- he turns straight to Robber 3. Larsson pushes him HARD, FURIOUS, until Robber 3 falls to the floor.

LARSSON

What have you done?!

ROBBER 3

I thoug--

LARSSON

--How the hell could you load the guns without telling us?

ROBBER 3

Fuck off.

LARSSON

What?!

Robber 3 fights off Larsson and gets on his feet again.

ROBBER 3

You don't go in without a fucking life insurance!

Larsson attacks Robber 3, rips off his mask: it's Alex. Larsson HITS him WILD, VIOLENT, and BRUTAL. Alex's gun falls to the floor.

WOMAN

He has no pulse... he has no puls...

Larsson tackles Alex to the floor, about to strangle him as -

WOMAN (CONT'D)
(higher and higher)
He has no pulse! For Christ's sake,
he has no PULSE!

The woman's VOICE CUTS through every noise in the bank. DEAD SILENCE.

Everyone turn towards the woman on the floor who sits by Fredrik. He is dying. Larsson lets go of Alex and throws himself on the floor to try and save him. Alex takes the bags with the money and heads towards the door. Larsson looks at him for a second, the betrayal is obvious.

- CLAAAAAASHH!

Glass fragments EXPLODING in the window! A deafening ALARM howls! GUNSHOTS are fired straight into the bank from the street!

Alex is HIT by a shot. He looks surprised at his hand which now is covered with blood.

The SOUND OF THE ALARM in the bank is UNBEARABLE!

Alex points his loaded gun in defense, turns around and sees right through the broken window. There on the other side - POLICE OFFICERS! With the police cars as their defence wall, the police are staring straight at them with loaded guns.

A second, then -

- ALL HELL BREAKS LOOSE!

Alex SHOOTS madly towards the street. Alex and Larsson YELL desperate orders to each other. We can't determine what because the alarm and shooting ROAR.

And then -

Everything FREEZES in a snapshot of hell in the bank. And it becomes DEAD SILENT.
